ABOUT

An experienced web and mobile app developer who focus more on **Backend** development side, but can also do some **Frontend** stuff. I am very passionate in learning new things that will make me competent. I am a good listener and able to grasp new concepts quickly and efficiently.

SKILLS & TECHNOLOGIES

- BACKEND**
(JavaScript, NodeJS, ExpressJS, Restful API, GraphQL, TypeGraphQL, Apollo Server, MySQL, ObjectionJS, Knex)
- MOBILE DEVELOPMENT**
(React Native, React Hooks, GraphQL, Apollo Client, Redux/Context API, State Management)
- WEB DEVELOPMENT EXPERIENCE/PREVIOUS TECH STACKS**
(ReactJS, HTML, CSS, Bootstrap, JavaScript, PHP, Laravel, VueJS)
- INTERESTED TO LEARN**
(NoSQL, MongoDB, AWS, Serverless, Appsync, Lambda)
- OTHERS**
(Git, VsCode, Postman, TablePlus, Termius, SSH)

Have idea with:

- Basic Computer Networking
- Linux Server
- AWS EC2, ASG, Load Balancer

WORK EXPERIENCE

Cloud Panda PH Inc. (Feb 2021 – Present)

<https://cloudpanda.ph>
